

OFFICIAL DISPATCH

Via Air Pouch

Dispatch No. MKG-W-

TO : Chief of Station, Karlsruhe 29 January 1951
FROM : Chief, Foreign Division M Attn: All Base Chiefs
SUBJECT : PASTIME Passwords, Recognition Signals and Danger Signals

1. All case officers are requested to arrange passwords, recognition signals, danger signals and letter drops for Pastime use with the agents who they expect will continue in service as stay behinds.

2. Although we have no indication that there is a definite deadline on the preparation of such information, and although there is no desire on our part to give any agent the alarmist impression that we are planning to leave Germany in the near future, we cannot afford to delay committing the desired information to paper. The case officers concerned will therefore approach their agents with these facts in mind in order to avoid giving an incorrect impression.

3. For ease of handling it would be preferable for the case officer to submit the requested information in companion memoranda in each case where two or more references to previously submitted memoranda, PRG, etc. would be necessary in order to complete the desired information.
